## EXPERIENCE

### Senior Android Developer

#### VABISS

📅 July 2021 – Ongoing    📍 Baku, Azerbaijan

- Developing brand new application for global use.

### Android Developer

#### TayqaTech Ltd

📅 July 2020 – July 2021    📍 Baku, Azerbaijan

- We have created & published a B2B E-Commerce Mobile application and also maintaining and supporting that application.
- As a developer I learned how to create complex multi-module app.
- Published app: Sincab

### Android Developer

#### Freelancer

📅 May 2020 – Ongoing    📍 Remote

- Currently, I am working on a variety of projects as a freelancer of which includes developing a retail banking app for one of the local banks and several enterprise resource planning and marketing apps.
- Published apps: BTB Mobile

### Android Developer

#### CertoClav GmbH

📅 Nov 2019 – May 2020    📍 Linz, Austria (Remote)

- Wrote unit test and debugged critical application issues such as crashes, memory leaks. Performed bug fixes and added new features.
- Implemented new generic product components for EU clients.
- Worked closely with R&D of the clients & I finished all of the tasks a month before the deadline (as a result our clients got their FDA Certificates).

### Android Developer

#### Data Processing Center

📅 Aug 2018 – Nov 2019    📍 Baku, Azerbaijan

- Provided weekly progress report to executive staff, ensuring that all parties were informed of milestones.
- Focused heavily on learning and growing development skills using SOLID and TDD practices in an Agile development process.
- Published app: EDoc Verifier

### Software Developer

#### Kiber Ltd

📅 Apr 2013 – Jul 2017    📍 Baku, Azerbaijan

- Led team of 5 developers in analysis and rebuild of software from beginning design through completion.
